To Whom It May Concern,

This letter is to advise that BA Construction and Renovation Inc. has successfully completed numerous building restoration contracting projects at the University of Guelph over the past several years. BA's quality of work has been exceptional, their site staff courteous, professional and helpful and they are always sensitive to the fact that this is a very busy campus so disruptions were well planned and kept to a minimum. BA remains on our preferred list of contractors and we look forward to working with them in the future.

Please feel free to contact me directly if further information is required.

Best Regards,
