To Whom It May Concern

B.A. Construction & Restoration Inc. has restored heritage masonry walls at George Brown College, 215 King St. East, Toronto with superb quality.

The heritage precast repairs done with Jahn mortar and the detailed repointing work are of the highest quality. The seamless transition between the original heritage and the new work is remarkable. B.A. Construction & Restoration Inc.'s performance is truly exemplary and its qualified masons and Paul Seider, the Project Manager, deserve our most sincere appreciation.

For any "heritage" work on future projects at George Brown College B. A. Construction & Restoration Inc. will receive our highest consideration.

We will not hesitate to recommend them to others.
