

Brown & Beattie

Building Science Engineering

March 16, 2009

Ref. BA

B.A. Construction & Restoration Inc.
107 Keele Street
Toronto, Ontario
M6P 2J8

Attention: Mr. Paul Seider

This will serve to confirm that B.A. Construction & Restoration Inc. has successfully completed five building restoration projects engineered by our firm between 2002 and present. These projects involved a variety of repairs including extensive masonry repairs, caulking and concrete restoration. Construction values of each project range from \$30,000 to \$173,000. All projects were completed in a timely manner to the satisfaction of Brown & Beattie Ltd. and the owners.

B.A. Construction is also presently on their largest value project with us to date at an estimate construction value of \$421,000. To date this project is approximately 40% complete and remains on schedule.

B.A. Construction will continue to be invited to bid on some of our upcoming projects and we look forward to working with them in the future. We would not hesitate to recommend their services to others.

Yours truly,

BROWN & BEATTIE LTD.

Jeremy Nixon, P.Eng., BSSO
