To whom it may concern:

This is to confirm that B.A. Construction has completed a number of projects for the City of Brampton over the last few years. B.A. has performed well in all aspects of these projects and has been more than competent in their work and manner.

B.A. has taken the time and effort to complete their projects on time and within the budgets set out. They have been motivated to complete the work in a reasonable manner and in a very professional way.

I have no objections in forwarding my recommendations on to other potential Clients. B.A. has acted very courteous and professional in their working environment.

Sincerely yours,

Bill McMillan, MAATO
